

STRAIGHT DOWN CLOTHING COMPANY MEN'S AND LADIES' FALL LINE

G&G is offering both the Men's and Ladies' Straight Down Apparel fall program for 2008. There will be one delivery which will be available for August 1st, 2008.

Ladies Straight Down Apparel

As stated in second G&G newsletter in January, the **Ladies Straight Down** line features a small collection of outerwear items, beginning with the **Swing**, a full zip Ottoman Jacket, made of 70/30 poly/cotton fibres. This classic item is very comfortable and can be worn for golf or just about any other occasion requiring a light weight jacket. Colors available are **black, white, flint blue and honey**.

The Bridges is long sleeve ½ zip layering piece with a jacquard pattern made from performance fabric including 7% spandex for comfort and flexibility. Colors are **black, white, sky and lavender**.

The Balfour full zip vest is a Straight Down staple. This poly/rayon heathered microfleece item is an ideal complement to the Bridges long sleeve jacquard. Colors are **cream, flint blue, teak and black**.

The women's **Autobahn** jacket is a stylish wind piece, constructed from the same material as the men's Autobahn2, with the same features, but done in a full zip with a feminine cut. Colors available are **black, white, khaki and red**.

The **Jasper** is a suede button front Bomber Jacket with fur liner, made of 100% microfiber polyester. This après golf jacket comes in **saddle, cream and coffee**.

The Sundance full zip jacket with accent piping is made of bonded 100% polyester. The detailed trim gives it a bit of a western style. Colors are **black and cream**.

For more information on these and any other Straight Down styles, please contact your local G&G Golf Representative or call me at 800 661 0045.

Here's to a great season!
