# SAWMILL

Prime Rib & Steak House

## GRAND OPENING

# Capilano new location

NEW LOCATION SAME GREAT TASTE!

5505-101 AVENUE N.W. 780.469.4090

Everyone knows about the legendary service, atmosphere, and food offered at Sawmill Prime Rib and Steak Houses throughout Edmonton, and now you can add another location to that list. The newest Sawmill franchise, located at 5505-101 Avenue NW is what you would call the Sawmill of the new millennium.

"We have a lot of Sawmill tradition in our new location, but we've added a real modern flair to it as well," said Jeff Siffledeen, general manager and managing partner of Capilano Sawmill. "We feature slate flooring, two dual sided fireplaces and a lounge with nine large screen TVs. It's a really nice look."

This is the first new Sawmill location in several years so the challenge in creating a dining atmosphere for the new location was to capture the history of previous Sawmill locations all the while making Capilano

Sawmill unique in it's own right. Thanks to touches like modern tiffany lamps Capilano Sawmill has created an inviting atmosphere that stays true to original Sawmill style.

"It's the same cozy and professional dining experience guests have come to expect from Sawmill over the years in a more modern setting," said Siffledeen.

The grand opening is today so make sure to make your reservations for this evening and enjoy great service and wonderful food in an inviting atmosphere.

Capilano Sawmill Executive Chef Nathan Nelson is well versed in the historic Sawmill menu after training at Gateway Sawmill for 6 months. Your taste buds will be treated to sumptuous smoked salmon, an amazing salad bar featuring peel and eat shrimp, oysters on the half shell, cheeses and more and of course the most famous, most succulent, most mouth watering prime cuts

of beef around.

"Nathan is very comfortable and experienced with our menu and he was brought into Gateway Sawmill early to be trained and versed in what Sawmill offers," said Siffledeen. "We pride ourselves with our AAA Alberta Beef program that we have. Our prime rib, our New Yorks and Filet Mignon are the best. That's what people come for and that's what people expect. Our standards and what we expect as far as aging, marbling and the kind of beef we accept are very high."

Sawmill's legendary Sunday brunch with hand carved meats, ready to make omelettes, sausages, bacon, eggs and more will also be available at the new Capilano location.

"We have an exceptional set up for the Sunday brunch which includes a chocolate dessert fountain. It runs every Sunday from 10 a.m. to 2 p.m.," said Siffledeen. "We also offer a Saturday morning breakfast menu from 11

a.m. to 2:30 p.m. Guests can expect to be wowed."

The fine dining experience offered by Capilano Sawmill will be an exciting opportunity for the growth of the Sawmill legacy as well as an exciting opportunity for Edmontonians to tantalize their taste buds.

Capilano Sawmill also features a massive 2500 sq-ft. two-tier patio where you can enjoy your meal and beverages.

On top off all the great main course food Capilano Sawmill also features an extensive wine list with over 70 different bottles of wine and an array of desserts and specialty coffees.

"We're really excited to be the newest Sawmill prime rib and steak house franchise from the ground-up," said Siffledeen. "We've hired a great service team that are motivated and excited about serving our guests!"
