

Siemens WEST  
August 2008

## NEWSLETTER

With two races remaining, the point's race for the various positions is starting to heat up. We are really looking forward to the annual Redline Harley Davidson "Ride to the Races" scheduled for this weekend. Once again, the owner of #21 in the Siemens Western Elite StockCar Tour, "Nitro" Nick Allen, has sponsored the race event on August 30<sup>th</sup>.

We want to say "THANK YOU" to all the drivers who made the trip to Kings Park Speedway in Regina on July 26<sup>th</sup>. The weatherman cooperated and the Express Foods 125 race was very entertaining.

Please take some time to review your drivers page on the Siemens West website ([www.siemenswest.ca](http://www.siemenswest.ca)). Please send in any photos or updated information to [cheryl.acms@sasktel.net](mailto:cheryl.acms@sasktel.net) so that we can update your page accordingly.

Finally, a reminder about the Mid West Combustion Points Final weekend set for September 13<sup>th</sup> and 14<sup>th</sup>. We will forward more information after this weekends event.

See everyone this weekend and drive safe.
